WOMAN OWNED SMALL BUSINESS

APCT, Inc.

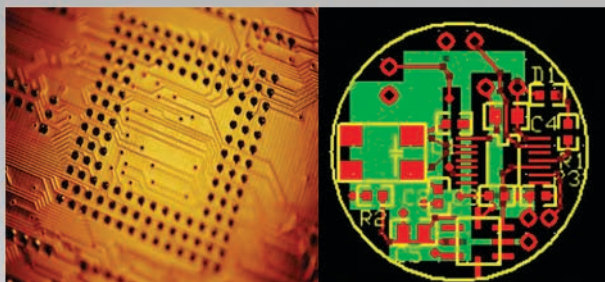

Santa Clara, CA

www.apctcircuits.com

ISO 9001:2000

ITAR Registered

Small business established in 1977

- High tech printed circuit board manufacturing
- Specializing in time-critical prototypes: 24 hour-10 day turn around
- Multi layer, edge card, back panels, micro-wave applications
- IPC 6012 Class I, II, and III
- UL Registered
- 24 hour quotation response
- Comprehensive (DFM) design for manufacturability

SPACE SHUTTLE

Metalex Manufacturing Inc.

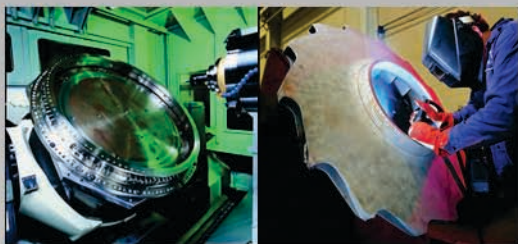

Cincinnati, OH

www.metalexmfg.com

Veteran Owned Small Business

Established in 1971

ISO 9001:2000

- Metalex is a full-service, high technology manufacturing company operating under the umbrella of the Lean Philosophy committed to total customer satisfaction every time
- 274,000 sq ft of manufacturing space
- Over forty 5-axis CNC machines
- Parts made from hand size up to six meters long
- NADCAP certified in EDM (Ram and Wire)
- Stand alone Grind facility - ID/OD, surface grinding, tolerances of .0001
- Fully integrated rapid prototype tool room
- **COMING SOON:** N stamp required for nuclear work
- Diversified Account Base: Boeing, ATK, Lockheed Martin, Orbital Sciences, P&G, Rolls Royce, Dresser-Rand, Halliburton, DOE, NASA, FMC Technologies, Pratt & Whitney, Rocketdyne, Northrop Grumman, Raytheon

ARES I

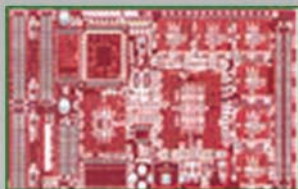

Ellington Electronics Technology

Guang Dong Province, China

www.ellingtonpcb.com

ISO 9002

Established in March 2000

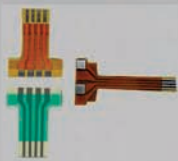

- High volume printed circuit board manufacturing
- Quick turn capability: 10 day turn around
- 1-20 multilayer capability
- 2 million square foot capacity per month
- Employees = 7000, Engineers = 500
- 2008 Sales = U.S. \$250,000,000.00
- State of the art automated equipment
- ISO-14001, QS-9000, ISO/TS 16949
- Customer product distribution: electronic products, power supply, automotive, telecommunication, computer and computer peripherals
- 1 hour from Hong Kong

FTG Circuits

Scarborough, Ontario, Canada

www.ftgcorp.com

ISO 9001:2000
ITAR Registered
Established in 2003

- High tech printed circuit board manufacturing
- Military, space, aerospace, and commercial avionics
- Rigid, Rigid Flex, Flex
- Mil-P-55110, Mil-P-50884, Mil-P-31032
IPC 6012 Class I, II, III, AS9000
- Bellcore TWR-000078 compliant
- Metal core boards: Copper Core, Aluminum Core, Copper Invar Copper Core
- Multi layer: 1-44 layers

FTG Aerospace

Toronto, Ontario, Canada

www.ftgcorp.com

ISO 9001:2000
ITAR Registered

- Edge-lit panels, night vision A and B type panels
- Keyboards, MFD Bexels, Interactive switch panels and overlays
- Electro-luminescent lighting products, incandescent, LED, NVIS annunciation
- Commercial and military applications
- SAE-AS-778, MIL-L-85762, MIL-L-27160, MIL-C25050, MS 33558 (ASG), MIL-L45208, AS9100B

United Connectivity Solutions Inc.

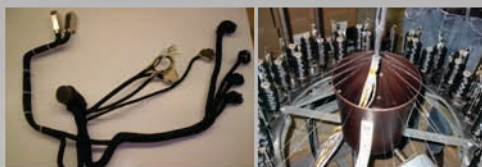

Huntsville, AL

www.ucsolution.com

ISO 9001:2000

HUBZone CERTIFIED

Established in 2004

Your source for Cable Assemblies, Chassis Wiring, Box Build, Electro-Mechanical Assembly, Mechanical Fabrication and Assembly, PC Board Fabrication and Assembly, Unit Level Test, Bag and Tag, Panel Assembly, Cable Over-Molding, RF Cable Assembly, DC Power Distribution, Signal Cable Assembly, Military Cables.

United Circuits Inc.

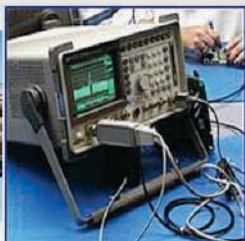

Meridianville, AL

www.unitedcircuits.com

ISO 9001:2000

WOMAN OWNED SMALL BUSINESS

Established in 1986

Your source for Electronic Contract manufacturing. Services include: Surface Mount Technology, Through Hole Technology, Functional and In-circuit Testing, X-Ray verification, Prototype to full production, Cable and Wire Harness Assembly, Complete Box Build and Sub-assembly, and Complete Turnkey or consignment. 40,000 square foot facility.

Omnetics Connector Corporation

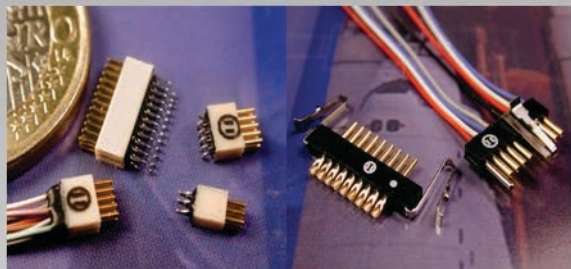

Minneapolis, MN

www.omnetics.com

...we design small miracles

AS9100

Established in 1984

Omnetics is a worldwide designer and manufacturer of Micro and Nano miniature interconnect products, featuring COTS, Standards and Custom connectors for industries such as Military, Aerospace, Defense, Medical and other technology oriented OEM's. These products are now QPL Listed: Bi-Lobe and MIL-DTZ-32139.

Additional Features: Overmolding, Shielded Cables, Configurable Models/3D Models and a Class 10,000 Clean Room.

Our Pledge

To offer quality products with on time delivery at competitive prices. Our professionals can help take your original idea from initial concept of design to pre-production and ramp into high volume. Our engineering services will help you get started. We have the expertise and commitment to excellence for all our customers.
